ABOUT AGRICULTURE & HORTICULTURE

Pride Conferences takes great pride in organising & inviting all the global delegates, to participate and contribute effectively to all the conferences organised by us. These conferences would comprise of Eminent stake holders keynote presentations, elaborative scientific research detailing, years of research works with the roadmap, Q & A, exhibitions of research papers & more. Key Stake holders include researchers, practitioners, students, professors, business communities and lot more. We create an ecosystem that enables the research works to be presented to right audience to take the Innovations ahead for a better society.

This International Conference on Agriculture & Horticulture enables the Agri based professors, researchers, Government agencies, students to share their findings on the value adds that the current technology trends bring-in for the farmers & agri producers. Discussions would evoke new thoughts on urban agriculture, cultivation in limited space, water & other resources. Focus spreads from Water management to seed balls, to type of produce for varied geographical regions, new automated equipment for managing large agri land & produce and more.
